HORIZON P&P / VERTICAL CABINETS

OPEN OR DOORS

- Member of unified HORIZON design line - clean and aesthetic look
- Low front base - maximized total display area
- Condensation unit in pull-out drawer - easy access for maintenance

HORIZON P&P

HORIZON P&P is a full height vertical refrigerated plug-in cabinet with condensation unit at the bottom of the cabinet. Condensation unit below the cabinet is very low and occupies an extremely small space, which increases the total display area of HORIZON P&P cabinets.

HORIZON P&P has also **WINE configuration** with mirror effect and special designed stainless steel shelves. It is ideal to display bottles at an optimal temperature. Low base front offers large display area for all kind of refrigerated products. The condensate unit is installed in a pull-out drawer, which enables **easy access for maintenance**.

Due to implemented natural refrigerant R290 HORIZON P&P is operating quietly and leaves a smaller footprint on the environment.

Refrigerant: R290

HORIZON P&P cabinets have unified design, base and bumper height, aligned with cabinets NEPTUN P&P H and COMET P&P H, perfect for side by side placement, generating **a harmonized and engaging refrigeration line**.

STANDARD EQUIPMENT
