PLUG&PLAY

VERTICAL CABINETS

RETAIL SYSTEM | PRODUCT

NEPTUN

NEPTUN P&P

NEPTUN P&P is a full height vertical plug-in cabinet ideal for displaying a great variety of frozen foods. Condensation unit below the cabinet is very low and occupies an extremely small space, which increases the total display area of NEPTUN P&P cabinets. The condensate unit is installed in a pull-out drawer, which enables **easy access for maintenance**.

LED illuminated cabinet provides great visibility of displayed products and enhances their visual appearance. Due to implemented natural refrigerant R290 NEPTUN P&P is operating quietly and leaves a smaller footprint on the environment.

Temperature class: L1

Refrigerant: R290

This cabinet is available in two height versions with an option of anti-fog doors without heaters in glass. **Vertical**

LOW TEMPERATURE CABINET

- Available in SKY (S) and Horizon (H) design line NEPTUN S P&P
- NEPTUN S P&P cabinets have unified design, base and bumper height, aligned with cabinets SKY P&P and COMET P&P S, perfect for side by side placement, generating a harmonized and engaging refrigeration line.

CUSTOMIZATION

- Controller options (Danfoss, Carel, Dixell, Wurm, Eliwell)
- Vertical LED lightning (colour adapted to food group)
