

NEPTUN SV P&P

NEPTUN SV P&P is a semi-vertical plug-in cabinet with modern and elegant external design for purpose of negative temperature for displaying frozen foods. Vertical LED illuminated cabinet provides great visibility of displayed products and enhances their visual appearance.

With its half height, NEPTUN SV P&P enables to obtain a perfect freezing performance in low height area requirements. The type of cabinet is an ideal solution for any type of sales area, it enhances the visibility of the displayed products and provides reduction in energy consumption. The condensate unit is installed in a pull-out drawer, which enables easy access for maintenance.

Due to implemented natural refrigerant R290 NEPTUN SV P&P is operating quietly and leaves a smaller footprint on the environment.

Temperature class: L1

Refrigerant: R290A
